

# FASHION SUMMIT

## 10 - 12 SEP

**Fashion Summit (HK) Design Pavilion**

**Global Designers' Sustainable Fashion Showcase**

### Arto Wong

# ARTO.

### Biography

Born and raised in Hong Kong, Arto Wong is best known for her creative and technically ambitious knitwear designs.

Wong graduated from The Hong Kong Polytechnic University in 2011 with a BA in Fashion and Textile Design, specialising in Knitwear Design with Technology. Upon graduating, she worked as a knitwear designer in the fashion industry. She also worked for the London fashion label Mira Mikati and Japan knitting manufactory Shima Seiki.

In 2013, Wong was awarded Champion and the Best Marketability Award at the Hong Kong Young Fashion Knitwear Designer Contest. In 2017, she won the Champion and New Talent Award at the Hong Kong Young Fashion Designer Contest with her collection "Zero to Unlimited". In 2018, Wong established her own brand "ARTO." and won the CreateSmart Hong Kong Young Design Talent award from the Hong Kong Design Centre.

### About ARTO.

ARTO. started from emotions and was established in 2018, creates a modern and innovative sensibility of fashion pieces by embracing knitting techniques for contemporary women. In her design world, there are unlimited and unexpected possibilities during knitting processes filled with power, energy and ingenuity.

ARTO. believes that clothing and people are full of interaction. Inspiration behind the brand is born out of the emotional responses to the art world, social movements, culture, public communication, nature and other exploration processes. The use of high-density colours and contoured shapes can trigger people's sensory stimulation and affect emotions.

ARTO.'s mission is through the use eye-catching designs, hoping the public can find resonance in clothes, understand themselves better, and love the life!

## Outfit 1

**Eco Daisy Blazer**  
**Eco Daisy Skirt**

100% Recycled polyester which is made from used plastic bottles is applied into this floral knitted blazer and skirt. There is a recall of the natural environment while the daisy pattern is going through the whole pieces.

## Outfit 2

**Eco Daisy Cardigan**  
**Crazy Daisy dress**

Eco Daisy Cardigan is made of 100% recycled polyester from plastic bottle mixing with BCI cotton which provides a comfortable hand feel. And the recycled polyester is also applied into Crazy Daisy dress which is filled with a gradient daisy pattern to show the summer vibes.
